Gift Cards – FAQ's

How can I redeem my Borders gift card?

You can redeem your gift cards by matching them dollar for dollar with cash or credit card (eg: pay for a \$40 book with a \$20 gift card and \$20 cash or credit card).

Do I have to redeem the full amount of my gift card at once?

No. You can choose to redeem a portion of your gift card only on the proviso that you spend the equivalent amount of cash.

Why can I not redeem my gift card under the normal terms and conditions of the gift card?

The Administrators are under no legal obligation to honour gift cards purchased prior to 17th February 2011. Gift card holders may have a claim against the Company on the proviso that they elect to surrender their card, and rank equally with other creditors.

The Administrators however have provided the option stated above should customers wish redeem their gift cards.

What are my options if I do not want to redeem my gift card with the conditions the Administrators have set out?

You have two options:

1. You may retain them for possible use in any business that may emerge from the administration;

OR

2. You may register as an unsecured creditor of the Company, however in doing so, you will no longer have the ability redeem your card in store.

I went to a store to redeem my gift card and I was willing to spend the equivalent amount of cash in the store, however staff told me my card was not redeemable at this stage because it was a card managed by a third party provider. Can I redeem this card?

Some cards are managed by an external provider of gift cards. On the appointment of the Administrators, the external provider temporarily deactivated the gift cards they managed. The Administrators advise that this issue has now been rectified and you may redeem your card under the conditions set out above.

If I lodge my Proof of Debt form and Proxy form, will I be able to attend and vote at the meeting of creditors?

If you provide a completed Proof of Debt and Proxy form accompanied by either your card or a legible copy of your card that shows the card number and serial number, you will be entitled to vote at the meeting of creditors. If you do not provide your gift card or a legible copy of your gift card that shows the card number and serial number, unfortunately the Administrators will not be able to register your claim, and you will not be entitled to vote at the meeting of creditors.

If I have elected to register as an unsecured creditor can I still use my card?

No, as the cards will be deactivated.
